

Entrepreneurship in Focus

Förderkreis Gründungs-Forschung e.V. (FGF) and IfM Bonn

Call for Papers

Institut für Mittelstandsforschung (IfM) Bonn and Förderkreis Gründungs-Forschung e.V. (FGF) jointly publish the policy brief "Entrepreneurship in Focus" (formerly "Mittelstand aktuell"). On two pages, research findings on current topics are presented together with recommendations for policy action.

Academics in the fields of entrepreneurship, start-up and innovation, family businesses, or SMEs and Mittelstand policy are cordially invited to publish in the Policy Brief – as long as a reference to a currently relevant topic is given. You can thus not only highlight your high level of expertise, but also make a valuable contribution to SME policy.

If you would like to write an article for "Entrepreneurship in Focus", please send an e-mail to policy-brief@ifm-bonn.org. You will receive a Word template for your text. All submitted policy briefs are reviewed by the editorial board.

"Entrepreneurship in Focus" is published in German and English. It will be send to media representatives in German-speaking countries, OECD, EU Commission etc. and published on the websites of the IfM Bonn (<https://www.ifm-bonn.org/>) and the FGF (<https://www.fgf-ev.de/>).
